

How to register for the ASB Mobile Banking app

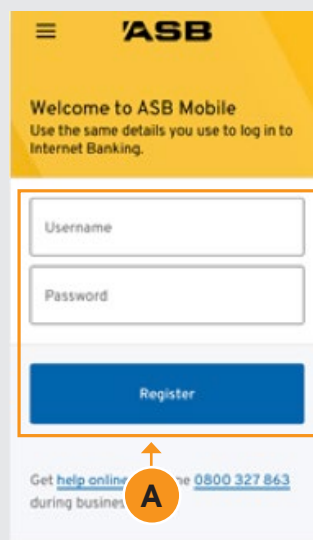

Checklist

1. You will need to be registered for FastNet Classic internet banking (FNC) before you can register for ASB Mobile banking. Tip: Please see the [How to register for internet banking](#) guide.
2. Register for Netcode, an extra layer of security for when you're completing certain banking activities with us online. Tip: Please see the [How to set up Netcode](#) guide.
3. On your smartphone or tablet, visit Google Play or Apple Store. Search and download **ASB Mobile Banking**.

STEP 1:

Open the ASB Mobile Banking app and enter your **FastNet Classic Username** and **Password**, then select **Register** **A**.

STEP 2:

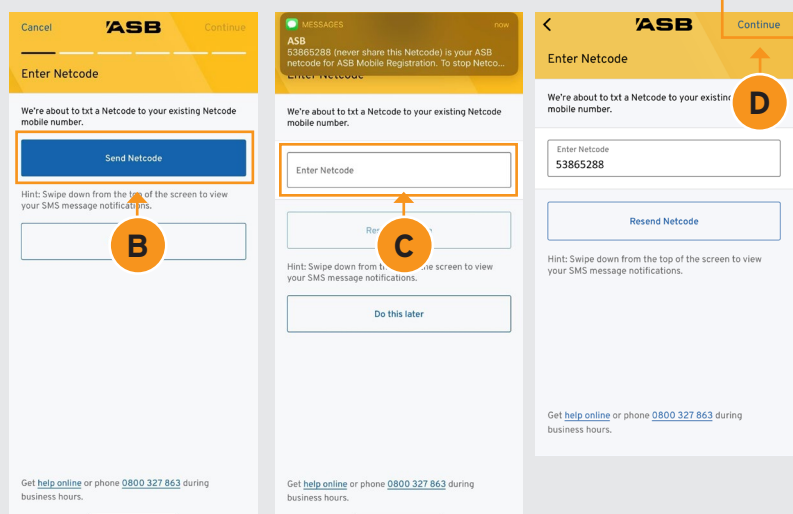

If you are registered for Netcode, select **Send Netcode** **B**.

We will send you a Netcode via text message that will authorise ASB Mobile on the device.

Enter the Netcode **C**, then select **Continue** located in the top right hand corner **D**.

Tip: If you are not registered for Netcode this step will not be displayed.

To get full access to the app, such as the ability to pay more than \$1,000 per day, see the [How to set up Netcode](#) guide.

STEP 3:

Enter your mobile number **E** then select **Continue** in the top right hand corner **F**.

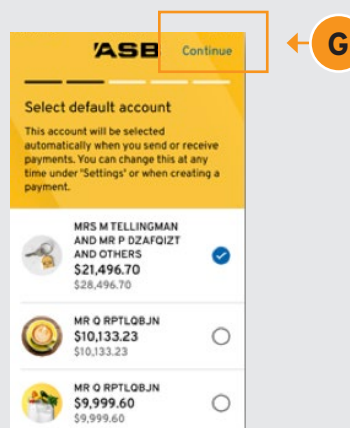

Tip: This will allow you to receive payments from another ASB mobile user, and it will go directly into your bank account.

STEP 4:

Set **default account**, then select **Continue** in the top right hand corner **G**.

Tip: This account will be selected automatically when you send or receive a payment.

STEP 5:

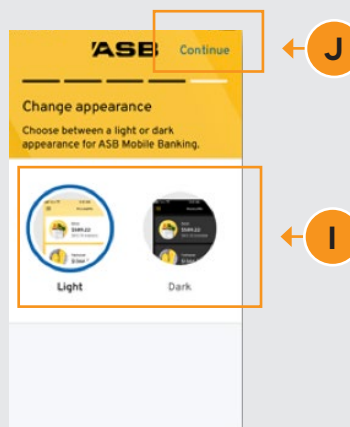

Choose your **default application settings** **H**.

Tip: Stay logged in when switching apps, receive payment requests, allow Touch ID for log in.

STEP 6:

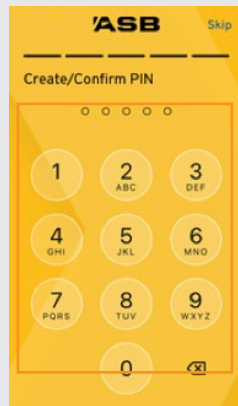

Select your **preferred appearance** **I**, then select **Continue** **J**.

STEP 7:

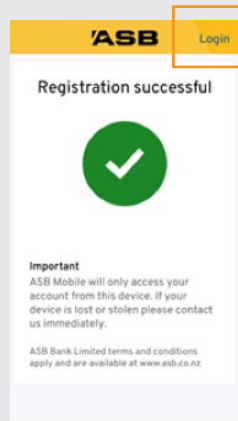

Now **set a five-digit PIN** **K**.
This will need to be entered twice to confirm.

Tip: Login is faster and easier with a PIN.

STEP 8:

You have successfully registered.
To view your accounts, select **Login** **L**.

STEP 9:

You will need to **enter your newly selected five-digit PIN** to log in.

Tip: Stay up to date with important information about your account and security activity by allowing **Push Notifications**.
