Account and FastNet Business Authority

Authority to operate Account(s) (Signatory) FastNet Business Administrator FastNet Business User who Authorises (Token request only)*

- Administrators have rights that enable them to add new Users and modify a User's profile (including the ability to reset a User's password), function and account permissions within FastNet Business.
- Each Administrator or User will need to select a unique User ID that will allow sign-on to FastNet Business. A Netcode token and an initial password will be supplied by ASB.
- Netcode token fees may apply. Up to two Netcode tokens are supplied free of charge per site.
- *FastNet Business Administrators must ensure that they have set up a profile for any Users who Authorise before making a request for a Netcode token. Tokens will not be issued by ASB without a user profile in place.**
- Each Administrator and User will have their access to the ASB Mobile Business app enabled by default. The ASB Mobile Business app gives FastNet Business users access to mobile banking so they can manage certain functions of their business banking e.g. checking their account balances and authorising payments. Administrators can disable this access within each User's profile if required. Users who wish to register for the app will require a Netcode token.

FastNet Business access and token requests

User ID (All individuals with FastNet Business access are required to have a User ID for identification purposes. Your User ID should be exactly 8 alphanumeric characters - including at least 2 numbers.)

Issue new token

Reallocate: Token serial number (9 digits on token back)

Allocate from User ID

Hours of access (Administrators only)

Full access (24 hours, 7 days) Business hours (8 am - 6 pm, 7 days) Extended business hours (7 am - 7 pm, 7 days)

User Limit (minimum \$250,000)

Financial Markets deal limit

- The User Limit is the maximum dollar value an Administrator can authorise per day.
- The Financial Markets Deal Limit is the maximum NZ dollar limit the user may specify per deal. This limit is only applicable to FastNet Business sites that have Financial Markets Online.
