If an investor does not have a FIN, it is expected that one will be sent as a separate communication by the Registrar. If an investor has an account with an NZX participant and has not received a FIN by the date the investor wants to trade Notes, the NZX participant can arrange to obtain the FIN from the Registrar. The Events of Default are described in the Deed Poll. In summary, these include: <ul style="list-style-type: none"> • if ASB does not pay any interest on the Notes within 14 days of the due date; or • if ASB becomes insolvent, or applies for, consents to, or suffers the appointment of a liquidator or receiver of ASB or any of its assets or undertakings, or ASB enters into any arrangement or composition with or for the benefit of its creditors. If the Notes are declared due and payable prior to the Maturity Date, interest will be payable at the Interest Rate from the most recent Interest Payment Date to and excluding the date of repayment.
Repo-Eligibility	Application will be made to the Reserve Bank of New Zealand for the Notes to be included as eligible securities for domestic market operations.
Governing law	New Zealand
Approved issuer levy	ASB proposes to register the Notes for approved issuer levy (AIL) and, where it is eligible to do so in respect of interest to which non-resident withholding tax applies, to pay AIL in lieu of deducting non-resident withholding tax, unless the Noteholder notifies the Registrar (and the Registrar gives its consent) that non-resident withholding tax should be withheld. If the Notes qualify for the 0% rate of AIL, ASB intends to apply the 0% rate. Any AIL paid by ASB other than at the 0% rate will be deducted from the interest paid to the relevant Noteholder. ASB is not eligible to pay AIL in respect of interest paid on a Note where the Note is held jointly and at least one of the joint Noteholders is a New Zealand tax resident. Withholding tax will be deducted from such interest at the applicable resident rate, as required by law. Non-resident Noteholders may then claim a refund from Inland Revenue to the extent that tax was withheld in excess of their applicable non-resident withholding tax rate (taking into account any applicable double tax treaty).
Resident withholding tax	New Zealand resident withholding tax (RWT) will be deducted from interest paid to New Zealand tax resident Holders at the relevant rate unless the Holder has RWT exempt status. ASB will not pay any further amounts on account of such deductions of RWT or otherwise reimburse or compensate the relevant Noteholder.
FATCA	FATCA means the Foreign Account Tax Compliance Act provisions, sections 1471 through 1474 of the United States Internal Revenue Code (including any regulations or official interpretations issued, agreements entered into or non-US laws enacted with respect to those provisions). If a Noteholder is a US taxpayer or, in some cases, a non-US entity with substantial US owners, then in order to comply with FATCA, it is possible that ASB (or, if Notes are held through another financial institution, such other financial institution) may be required to request certain information from that Noteholder or the beneficial owners of the

	<p>Notes, which information may in turn be provided to the Inland Revenue Department and/or the Internal Revenue Service (IRS). Depending on when the IRS publishes certain FATCA related regulations, ASB may also be required to withhold US tax on some portion of payments in relation to Notes at a future date if such information is not provided or if payments are made to certain foreign financial institutions that have not entered into an agreement with the IRS (and are not otherwise exempt from, or deemed to comply with, FATCA).</p> <p>If ASB is required to make any deduction or withholding in connection with FATCA, ASB will not pay any further amounts on account of such deduction or withholding or otherwise reimburse or compensate the relevant Noteholder.</p> <p>This information is based on regulations and guidance issued by the US Department of Treasury and the IRS as at the date of this Terms Sheet. Future regulations, guidance or international agreements implementing the same may affect the application of FATCA to ASB, Noteholders or beneficial owners of the Notes.</p>
Common Reporting Standard	<p>Common Reporting Standard (CRS) is a global framework for the collection, reporting, and exchange of financial account information about people and entities investing outside of their tax residence jurisdiction. If a Noteholder is a non-New Zealand tax resident or, in some cases, an entity with non-New Zealand tax resident controlling persons, then in order to comply with CRS, it is possible that ASB (or, if Notes are held through another financial institution, such other financial institution) may be required to request certain information from that Noteholder or the beneficial owners of the Notes, which information may in turn be provided to the Inland Revenue Department and/or a non-New Zealand tax authority.</p>
